

STORI ZA CAREERS

A weekly update of KUCCPS career guidance activities

In this edition of Stori za Careers, we highlight our activities geared towards expanding access to career guidance and student placement services countrywide. We begin with a story from Migori County, where our CEO Dr. Agnes Mercy Wahome launched instant university placement for Form Four leavers submitting late applications for degree programmes. We also took services directly to the grassroots through various KUCCPS Mashinani initiatives. Finally, we recap the 4th edition of the Skill Up Africa Summit 2026 at KICC, where KUCCPS officers engaged youth on future-ready skills and current higher education placement opportunities.
